

HRSA Melbourne Group Auction November 8th 2014

Catalogue

Condition codes (as provided by the sellers):

DO: Display only, EC: Excellent condition, FC: Fair condition, GC: Good condition, NIB: New in box, NOS: New old stock, NW: Not working, PC: Poor condition, PO: Perfect order, R: Restorable, RW: Requires work, U: Untested/unknown, VGC: Very good condition, W: Working.

1	National 240 V, 1 A isolation transformer	GC, W	44	RCA Speaker 100A, cone replaced with 3.5 ohm permag speaker	GC, W
2	Sangean ATS-505 receiver	EC, W	45	EA Double-change superhet with documentation. Needs alignment and dial calibration.	W
3	Realistic SA-102 stereo amplifier, solid state	GC, W	46	KRIESLER radiogram, compact timber case on legs, complete	VGC, NW
4	Panasonic R-100 four band receiver	GC, W	47	AWA Magictape R to R valve tape recorder	VGC
5	AWA Forestphone transceiver	FC, U	48	Small test box, homemade - unknown use	U
6	Home-made 25 V, 1 A variable supply	GC, W	49	Isolating transformer, 240/110 V-1000 VA, steel cased, as new	EC, W
7	Heathkit signal tracer	GC, W	50	Isolating transformer, 240/12 V, 10A, steel box, fused	VGC, W
8	Leader 30 kV D.C. probe voltmeter	EC, W	51	Isolating transformer, 240/12 V, 10A, steel box, fused	VGC, W
9	Kyoritsu model 3111 insulation tester	EC, W	52	Isolating transformer, 240/12 V, 100VA	GC, U
10	12 R&H Magazines - 1949	GC	53	Coax cable, double screened, solid conductor, about 20 m	VGC
11	Box of speakers	GC, W	54	PHILIPS turntable, belt drive, complete	EC, W
12	Batt vibrator for Healing Golden Voice Console & tuning dial	FC, NW	55	2 off SONY 3-way bookshelf speakers, 6 Ohm/70 W each	VGC, W
13	16 R&H Magazines - Sept 1947 to Dec 1948	GC	56	GW semiconductor curve tracer (2 parts), clean	VGC, W
14	Leader signal generator - 100KHz To 350MHz	GC, W	57	Stromberg Carlson mantel radio	W
15	AGE Console - Cabinet Only	GC	58	Kriesler bakelite radio	U
16	Meter case & parts storage boxes	GC	59	Realistic DX-200 communication receiver	W
17	Stromberg Carlson Bakelite Mantel - Model 5A37	GC, NW	60	Box of old gramophone parts	
18	Box of valve shields	FC	61	'ECREL' 4 band AC/DC transistor radio	W
19	24 R&H Magazines - 1950 & 1951	GC	62	Book: 'Radio for the Millions'	
20	High voltage probe for testing pic tube HT. 30 & 40 kV Ranges	GC, W	63	Book: 'Modern Radio Servicing'	
21	Philips CRO, model GM5656	NW	64	Book: 'Sylvania Radio Tubes'	
22	Watterson heavy wood mantel 6 transistors on valve style chassis	FC, W	65	Book: 'Just Astor' Rod Smith	
23	AR8 X 2 one is A.C.E. radio leatherette cabinet & part pwr supply	GC, U	66	Book: 'Radio Engineering' 1943	
24	A510 military transceiver - almost complete set	W	67	Two television service books 1975	
25	Astor brown model QK Mickey	GC	68	12 Radio & Hobbies, 1951 (full year)	
26	AWA brown table radio model 527MA	GC	69	Framed 'Stromberg Carlson' dealer's certificate	
27	Hotpoint timber mantel model 649ME	GC	70	Box of assorted gramo styli	
28	Astor white model HNQ Mickey	GC	71	Framed 'Mullard' advertisement	
29	AWA transistor portable model 208PY	GC	72	Box of assorted radio dials	
30	Rank Arena solid state 12 inch B&W TV	GC	73	'Glory Tone' cathedral radio	W
31	Sabtronic digital multimeter with manual	NW	74	Book: 'Something in the Air'	
32	Audiosonic portable radio/cassette	W	75	L. P. Record of radio advertisements	
33	Peter Pan mantel, cream bakelite, model FKM	GC, NW	76	Atwater Kent tombstone radio	NW
34	Hand wound Megger, 250volt, brown bakelite	GC, W	77	Philco cathedral radio	W
35	Bel-a-tone console, 5 valve, can be tuned using 8 switched pre-sets	GC, W	78	Car radio manual 1970	
36	Astor mantel, light green plastic, model PK	FC, NW	79	Book: 'Standard Electrical Engineering' 1922	
37	Headphones Browns Type F	GC, W	80	8 books: Radiotronics	
38	Book--'Cathode Ray Tubes and their Circuits'	GC	81	Stromberg Carlson personal portable radio	W
39	Book--'How To Use VOM,VTVM &Oscilloscopes'	GC	82	HMV personal portable radio	W
40	RCA, Radiola 18 [AR-936], 7V, 1920's coffin box, restored, 110v reqd.	GC, W	83	Philips personal portable radio	W
41	AWA Radiola portable, model 451PZ, blue leatherette	GC, W	84	Tungar bulb in box	U
42	Book--'Oscilloscope Techniques'	GC	85	Radiotron conversion indicator	
43	Book-- 'The Cathode Ray Oscilloscope'	GC	86	Lot of 1930s - 40s radio documents	
			87	Box of bakelite power plugs and fittings	

88	2 early turntables		140	Box of 11 1920s TRF plug-in aerial coils	GC
89	Tub of metal valves	U	141	Box of 11 1920s TRF plug-in aerial coils	GC
90	2 tins of TV valves	U	142	2 pair Brandes 2Kohm headphones - coils test OK	FC
91	Philco Alabama brown bakelite radio	W	143	Filament power supply 5 VAC and 6.3 VAC	U
92	Astor Mickey KM dial (repro, new)		144	Vintage triode AF amplifier - Ferranti transformer OK	U
93	Peter Pan repro dial with badge suit BKM (repro, new)		145	Power Transformer A&R 1894 - 300V 125mA, 3x 6.3V CT	GC
94	Healing glass dial suit 401 (repro, new)		146	Heathkit VTVM - with manual. Working but no battery for ohms	GC
95	AWA big brother 2 pc glass dial (repro, new)		147	Early catswhisker crystal detector	GC
96	Philips early 50s green bakelite radio working, repaired damage		148	Box of various RX/TX crystals of many diffent types	U
97	Lot of 10 QQE03/20 transmitting tetrode valves	NOS	149	Early Diamond 9 volt 'C' battery	U
98	4 only, STC Eiffel Tower backboards (repro, new)		150	Rare G. F. Mee Precision Decade Resistor Box	EC
99	Empire State radio case only (painted, was black)		151	Philips model 2516 early AC radio with speaker	U
100	Telecom volt meter in leather case (as new)		152	Philips large bakelite radio	U
101	Radiola Loudspeaker Model 100	GC, W	153	Astor table model radiogram	U
102	Box of radio components	GC	154	Tektronix 465 CRO 2 channel 100MHz with x10 probe & Service Manual. (horiz shift problem)	NW
103	Two novelty gramophones		155	Collection of 19 meters in boxes	NIB, W
104	Repro cathedral radio	GC, W	156	Decade resistance box. J.L. Williams. 1 ohm to 11,110 ohms in 1 ohm steps.	VGC, W
105	Coffin radio (for parts)	FC	157	Evershed's Electrical Instruments, folder of booklets. Circa 1920's	GC
106	Loose coupler crystal set	GC	158	Old headphones, telephone handset	DO, NW
107	Vitavox Admiralty microphone	GC	159	Tektronix 475 CRO Service Manual	
108	Coffin radio (for parts)	FC	160	Tektronix 2245A CRO Service Manual	
109	Horn speaker	GC, W	161	AWA Radiolette model 24	EC, W
110	Crystal detector	GC	162	AWA Radiola 'Electric 3' (C53) 1929, coffin style	EC, W
111	Set of Audels technical books	GC	163	FADA model 160A 4 valve 3 dial TRF 1923, coffin style	EC, W
112	Radiola IIIA Radio	GC	164	Marwol 'Jewel' 5 valve 3 dial TRF (1925)	EC, W
113	Coffin radio (for parts)	FC	165	Stromberg Carlson model A22 consolette, 3 valve plus rectifier regen. set	EC, NW
114	Assorted dials	GC	166	Healing model 34 mantel	EC, W
115	Box of transistor radios	U	167	Eclipse 2 valve plus rectifier mantel	EC, W
116	Black Bakelite pyramid telephone ex PMG, full restored	W	168	Digitronics Model UPP/801 Universal PROM programmer	FC, U
117	Decca Portable Gramophone with records and needles	W	169	RFL Crystal impedance meter model 531, 10 - 100 MHz	FC, U
118	BBC Crystal Reciever 1920's, with 3 detectors	W	170	GE rack mounted equipment, possibly early digital PBX	FC, U
119	Radiological Survey meter (Gieger Counter) model 720	W	171	Schlumberger Synthesised SSB Generator, model SSB 30	GC, U
120	WW2 Japanese Navy Resistance Unit	U	172	Schlumberger attenuator model BMD 501, 0-140 dB, 0-1 GHz	GC, U
121	8 Edison Diamond Disc Records		173	Schlumberger Precision VHF Signal Generator model FSM 500	GC, U
122	Box of 1920's/30's veteran battery wireless valves	U	174	Ferris dual wave portable/car/boat radio model M114	VGC, U
123	Box of Veteran Wireless parts		175	Extensively modified AR8 receiver	GC, U
124	HMV Little Nipper Radio, model 62-52	W	176	Box of transmitting valves	U
125	Philips Mantel Radio	W	177	Hammarlund HQ-129-X communications receiver circa 1947 general coverage plus calibrated band spread on amateur bands	
126	Box Radio and Electronics books		178	Leak Point One stereo amplifier	
127	Box Gramophone parts		179	RCA Radiola Model 18 in excellent condition	EC, W
128	The Radio Designers Handbook, Langford-Smith 1957		180	Kenwood R-820 Amateur band and partial general coverage receiver	
129	Astor Mickey mangle radio, crack in cabinet, restored	W	181	STC Brown Bakelite Radio Model 150	
130	2 Radio Chassis for parts		182	Cosmos Radiophone VR3. Early 2 valve receiver	
131	3 AWA Radio chassis for parts or repair	U	183	Eddystone 640 1950 Model communication receiver	GC, W
132	Crystal Set, Home made		184	Crosley 2 valve radio. Missing audio transformer	
133	Box magazines, Radio & Hobbies, Silicon Chip etc.		185	National 3 band 14 transistor	
134	Astor Mickey, crack in cabinet	W			
135	Techtron Absorbance Meter	U			
136	Van Ruyten Auto Verta 12V DC-240V AC				
137	Projection Lens Assembly				
138	Astor 5, separate power amp-supply unit, 1927-28	GC, U			
139	Fisk Radiola, updated chassis	W			

186	Sharp 3 band transistor		220	Box of valves, Goodies	U
187	Collection of 9 microphones		221	Box of goodies	U
188	AWA Empire State big brother with back, AC	VGC, W	222	Test set and Golfball microphone	U
189	Stromberg Carlson 5-Valve, cream, AC mains	VGC, U	223	Power transformers/ Goodies	U
190	Astor model JPM, AC mains mantel	VGC, U	224	Box of goodies	U
191	Rare Astor extension speaker, in a model JPM case	VGC, U	225	Counter-timer, Goodies incl. Oscilloscope	U
192	Astor Kismet console radio	U	226	Modified Indicator, Mono Audio Amplifier 15 watts	U
193	Philips Bakelite Radio	U	227	1925 Ray-O-Dyne vintage radio. Very nice condition with valves	W
194	Coffin radio	U	228	Tektronix 20MHz dual trace model 2205 CRO with probes	W
195	German Volksempfänger radio	U	229	HAMEG Model 303-4, 30 MHz dual trace CRO with probe.	W
196	Astor Bakelite radio	U	230	HAMEG Model 202-7, 20 MHz dual trace CRO with probe	W
197	American Wood mantel radio	U	231	HP Signature Analyser Model 5004A	W
198	American Whiskey bottle radio	U	232	Topward Function Generator. 0.2 Hz to 2 MHz Model 8102	W
199	Tasma Bakelite radio	U	233	Topward Mains Operated Digital Multimeter. DC to 0.6 MHz Model 1302	W
200	Transistor novelty radio	U	234	Leader Signal Generator. Model LSG-16	W
201	Wood mantel radio	U	235	Dual Power Supply 0-20 Volt with current limit	W
202	AGE Wood Empire State radio	U	236	SANWA Analogue Multimeter. Model N301	W
203	Marshman alligator skin radio	U	237	Gulbransen Buffalo New Zealand model 5-valve. AC mains	VGC, U
204	HMV Wood mantel radio	U	238	Astor Super 6 Bakelite tablegram, radio works	GC
205	Airzone bakelite radio	U	239	7 channel mixer	U
206	Green German Norma radio	U	240	Four transistor car radios & parts	U
207	Transistor Service Manual 1961 Volume II - Japanese Sets (Part Two)		241	Hotpoint Bandmaster radio	U
208	Transistor Service Manual 1961 Volume II - Japanese Sets (Part One)		242	Radio Engineering Handbook (USA) 1950	GC
209	Transistor Service Manual 1960 Volume I - Australian Sets (Part One)		243	BC-221B wavemeter & calibration book	
210	Philips-Mullard Service Data - Transistor and Valve sets		244	Electronics Australia 1967, full set	GC
211	Transistor Basics- A Short Course, by George Stanley		245	Electronics Australia 1969, full set	GC
212	Valve Console Radiogram: Ernest Fisk	W	246	Electronics Australia 1973, 11 copies (no January)	GC
213	Valve Console Radiogram Commodore	W	247	Electronics Australia 1965, 11 copies (no December)	GC
214	Two Edison Cylinder Phonograph chassis, for parts or repair	RW	248	Electronics Australia 1962, 11 copies (no December)	GC
215	BWD 506 Oscilloscope	W	249	Electronics Australia 1963, 11 copies (no July)	GC
216	Murphy A170 large mantel	W	250	Admiralty test set type A-2514	U
217	British switches and pots, Goodies	U			
218	UHF Oscillator with power supply, Mystery box	U			
219	CRTs (two boxes)	U			

This is the last sale for this year but don't forget Bill's garden party on December 5th where there will be plenty of irresistible goodies for sale, sausages to eat and even free beer.

Philip Renouf's garage sale will be on March 14th next year and our next auction will be on March 24th.
